CIRCLE NO. 2 MEETS

Circle No. 2, W.S.C.S. of the First United Methodist Church met Monday in the home of Mrs. Dewitt Little and Mrs. Cash, City Downing with Mrs. Bob Turner as co-hostess. Mrs. Downing presided over the business meeting. Mrs. Claud Nurn, Sr. gave the devotional, taken from Psalm 23. Program was given on "Different Names and Relations." Banana nut bread, and orange juice was served to the 14 present.

PERRYTOWN CLUB MEETS

The Perrytown Extension Homemakers' Club met Thursday night, November 7 in the home of Mrs. Josephine Rogers. The thought of the month was "A part of 86 wisdom is to know the value of now, before it is gone forever." The hostess, Mrs. Rogers, gave the devotional taken from Psalm 1. A guest, Miss Delores McBride, gave the lesson What a Family Does If The Breadwinner Is Lost.

The question was asked each one, "Which Material Problem would You Find Hardest to Face?" The minutes were read by Mrs. Winemiller. The following officers were elected for the coming year: President, Mrs. Sammye Martin; vice-president, Mrs. C.W. Winemiller; secretary and treasurer, Mrs. Wanda Campbell.

The meeting was closed by repeating the Homemakers' Prayer.

Cookies, potato chips, nuts, coffee and cokes were served to ten.

The next meeting for december will be a Christmas supper and exchange of gifts in Perrytown City Hall.

VICTORY CLUB MEETS

On Wednesday, November 6 the Victory Extension Homemakers' Club met in the home of Mrs. Dexter Alford, who gave the devotion from Psalm 100. With Mrs. Robert Cash at the piano, the group sang "In the Garden."

In the absence of the president, the vice-president, Mrs. James Ellis, presided. She read the lovely Thought of the Month, "A part of wisdom is to know the value of now, before it is gone forever," and several commented on it. The Homemakers' Prayer was read in unison.

Two talks about related thoughts, "What Would You Do If You Lost the Breadwinner in the Family?" and "If You Make No Will, Who Will Get Your Property?" were made by Mrs. Mrs. Dewitt Little and Mrs. Cash, respectively. Eight members answered the roll call by answering the question "Which material problem would be the hardest to face?"

New officers for the year are: President, Mrs. Cecil Smith; vice-president, Mrs. Robert Cash; secretary-treasurer, Mrs. Gracie Alford; reporter, Mrs. Avery McKinney. Mrs. Alford

and Mrs. Cash received gifts from their Secret Pals, and sandwiches, cookies, and iced drinks were served for refreshments.

Mrs. Audrey Hampton will be hostess for the December meeting, when there will be a Christmas tree gift exchange and Secret Pals will be revealed and new names drawn.

Television and Radio

By JERRY BUCK

Associated Press Writer
NEW YORK (AP) — For an hour Wednesday night television's kaleidoscope of comedy and action was dimmed to marvel at a lily pad, follow the flight of a sandpiper and explore the life on a seashore at low tide.

ABC's "The Sense of Wonder" was a poem for the eyes, and the narration by Helen Hayes of the writings of naturalist Rachel Carson was pleasing to the ear. Miss Carson, who died in 1964, said, "A child's world is fresh and new, full of wonder and excitement." She urged adults "to open your eyes to unknown beauty."

To see life as Miss Carson had seen it, producer Jules Power

took his cameras to Boothbay Harbor, Maine, where she had spent her summers.

The camera paused upon the limpet—"a snail with a shell like the hat of a Chinese coolie"—and the mussel—"with silken anchor lines to the rocks"—and sea urchins and mollusks.

Even that scourge, the barnacle was sensitively portrayed as a living creature imprisoned in its shell, waiting for the sea to bring food to its door. "We should allow ourselves to be curious about things so small that they are easy to overlook," Miss Hayes narrated.

Miss Carson's friend, Dorothy Freeman, told how the naturalist had "opened my eyes to the world around me. . . Low tide is an insight to life itself."

Armed with a flashlight, the program went on a nighttime safari into a garden to observe the orchestration of the insects. Miss Carson recommended it as

"an adventure for children." The desert, the redwoods and California's Big Sur also were visited. The program touched upon the controversy stirred by Miss Carson's book "The Silent Spring" and showed the destruction caused by pollution and the encroachment of civilization.

"Our time is running out," Miss Carson warned through her narration. "Man must not be permitted to destroy our environment. Nor must he be a slave to it. A balance must be struck."

"The Sense of Wonder" was an apt demonstration of television's power to evoke wonderment and at the same time gently prod the viewer on the need to preserve this natural beauty.

To return to the harsher realities of television, ABC announced its annual midseason repair job on its schedule. The

losers are "Ugliest Girl in Town," "Journey to the Unknown," "Operation: Entertainment," "The Felony Squad," "The Don Rickles Show," and the Wednesday night "Peyton Place." They will leave the air at the end of January. The replacements will be: "Section 8," 8:30 to 9 p.m., Wednesday, a satirical comedy modeled after "Laugh-In," "What's It All About, World?" 9-10 p.m., Thursdays, a contemporary comedy starring Dean Jones, "The Tom Jones Show," 7:30-8:30 p.m., Fridays, a musical variety starring the Welsh singing star.

"Generation Gap," 8:30-9 p.m., Fridays, a game show. "Let's Make A Deal," 9-9:30 p.m., Fridays, another game show. Thursday schedule will be juggled to accommodate the new shows.

BIG FUTURE seen in the crystal ball apparently sparked smile from Sunken Gardens model Becky Hall of St. Petersburg, Fla. The shapely blonde—38-23-35—was named "Miss Futuristic" because of her ability as a prognosticator.

Back in the '20s and '30s when Ted Lightner of New York was one of the world's five or six greatest players he was noted for his languid manner. But bitter experience showed his opponents that the more sleepy he looked, the more dangerous he was.

Today he is 75 years old and more sleepy than ever, except when it becomes time for him to wake up and play the right card.

Today we see him sitting East at the Regency Whist Club. He played his king of hearts at trick one. South played the ace and went into a long huddle while Teddy appeared to lose all interest in the proceedings. Then South led a club to dummy's king and a second club which lost to West's ace.

Now it was West's turn to huddle and eventually he played the deuce of spades. South went up with dummy's ace and led the three of diamonds. Teddy woke up long enough to play the 10.

This second hand high play by Teddy effectively cooked declarer's goose. South had planned to let the diamond ride to West since he could not afford to let East get the lead. But now there was no way for South to achieve his aim. South might have cashed eight tricks and settled for down one but he played three rounds of diamonds in the vain hope that West held the long diamond, not East. Thus he went down two when Teddy took his queen of diamonds and led the heart to his partner.

South had played the hand in a most enterprising fashion and we sort of wonder if very many young, alert, wide-awake experts would have come up with that 10-spot play Ted made.

Thinks Soviet Pressure to Topple Dubcek

OKLAHOMA CITY (AP) — The Associated Press newsman who scored a world beat on the Soviet invasion of Czechoslovakia Aug. 20-21 said Wednesday the government of Czechoslovakian Premier Alexander Dubcek may topple under Soviet pressure.

"Time is on the Russians' side," Peter Rehak told the Associated Press Managing Editors convention.

But Rehak said the country's Democratic yearnings will live. "Democratic traditions run deep in the country."

However, he added, "It doesn't look like Dubcek will be able to salvage any of his reforms—and it is an open question whether the Dubcek administration will be able to survive."

He said, "Some of the second-line people in the government are beginning to go along" with the Soviets.

Rehak and Edward T. Adams, AP photographer, were named winners Wednesday of the fifth annual "APM" awards for outstanding work by AP staff members. Each received a \$500 cash prize and a plaque.

Adams was honored for his picture of a South Vietnamese general executing a Viet Cong officer captured in civilian clothing in Saigon during the Tet offensive.

The head of the AP's 10-member special investigative team, Ray Stephens of Washington, told the 500 newspaper executives from the United States and several foreign countries that his team is after "the stories that cannot and will not surface of their own accord."

"A free press is the only independent watchdog over the government," he said, explaining the investigative team's operations.

Donna Connolly and Sherry Crank discuss Quachita University and its offerings with visiting representative Dr. Tom Gambrell.

Seniors spend much of their last year in high school making preparation for further study after graduation, according to Earl D. Downs, Hope High School guidance counselor.

Each senior is allowed one day to visit a college, trade school, or nursing school while it is in session. In the last few weeks 4 seniors have been to State College of Arkansas; 27 to Southern State College; 7 to Henderson State College; and 11 to Quachita College.

Twelve Arkansas colleges recommend or require interviews for admittance. Among these are Hendrix, Quachita, Southern State, and State College of Arkansas.

Dr. Tom Gambrell of Quachita, who interviewed interested students Wednesday at the high school, was one of several representatives who have been invited by the Guidance Department to visit Hope High School.

Henderson State College had a representative to visit in October, and SCA and SSC plan to be in Hope soon. The University of Arkansas has requested February 1 for visitation.

Invitations were sent to all Arkansas colleges, Texarkana and Centenary Colleges, to have representatives come to Hope between October 1 and February 28.

On Saturday, December 14, at Hope High School, the ACT test will be administered to those seniors who have made application and paid their fee. This test is required by seven Arkansas colleges: Harding, Henderson, College of Ozarks, Southern State, and others.

The CEEB will be given December 7 and will be taken by both juniors and seniors. Six schools require CEEB test results for consideration for admittance. They are Arkansas College, Hendrix, John Brown University, Philander Smith, and

Shorter College. A study of the requirements in the form of acceptable academic success in high school reveals the following:

Four years of high school math is required by Hendrix College, two years by College of Ozarks, John Brown University, and Philander Smith; one year, Henderson, LRU, SSC, U of A.

The University of Arkansas requires two years of laboratory science, as does Philander Smith, and Henderson and Hendrix, one year.

Hendrix is the only college that requires two years of a foreign language.

Interested parents and students may secure more information regarding requirements by visiting the guidance office at Hope High School.

stance of police." A small group of faculty members supporting the strike interceded between police and the demonstrators Wednesday to restore relative calm.

Smith arranged to meet with his administration and faculty, particularly Negro members, to "define the issues and attempt to provide solutions to them."

One of the main demands made by the black student union has been for reinstatement of a controversial part-time instructor now under 30 day suspension — Black Panther George Mason Murray.

Murray described Wednesday's disruptions as "a very historic moment. It's the first time that barriers have been dissolved between classes—between black, brown, yellow and red people."

Most students at the college are white. One demand of the strikers is admission of more Negroes.

Smith, looking grim and haggard, said he suspended classes after discussing the situation with Glenn Dumke, chancellor of the 19-state colleges. Murray was suspended Nov. 1 on Dumke's orders pending investigation of his fitness as an instructor.

The 1,300 member faculty found itself involved in the controversy.

A series of unusual general meetings brought debates on proposed resolutions calling for censure of Chancellor Dumke, demanding his resignation and Murray's reinstatement.

Gov. Ronald Reagan told newsmen that college faculty members who want to oust Dumke are "carrying the academic freedom to the point of the ridiculous."

Crucial Meet of Czech Committee

By FRANK CREPEAU
Associated Press Writer
PRAGUE (AP) — The Central Committee of Czechoslovakia's Community party met today for a crucial session amid widespread fear that it would wipe out the final traces of the year's liberal reforms.

The committee session in Prague Castle posed another threat to party chief Alexander Dubcek, who has been fighting for political survival every day since the Soviet invasion Aug. 20.

There was speculation that old guard Communists who want to discredit Dubcek's regime and reverse its reforms might open the battle by challenging the right of new committee members to take their seats. The committee on Aug. 31 increased its membership by 87 to give it a liberal majority, and some old-line Communists argue that this was illegal without party-wide elections.

Public foreboding about the session was fed by recent restrictions on the press and on travel abroad.

Deputy Premier Gustav Husak warned Wednesday night that if "any demonstrations take place in our streets in the coming days, we shall regard them as subversive against state and party and proceed accordingly."

Husak spoke in Bratislava. In Prague student and worker groups joined forces to plan anti-Soviet demonstrations that might be allowed because they would stay out of the streets.

The CKD traction plant, Prague's largest factory, called for special Saturday and Sunday "Dubcek shifts" in which workers and students could gather in plants. Prague Radio said students and workers would meet at several other plants on the two days.

SOVIET SHIP (from page one)

peared to be recordings were heard from the craft. The voices were an indication the Soviets were continuing their studies of the effect of solar activity on radio communications, information considered vital to any manned mission to the moon.

The Soviets have maintained their customary silence about the Zond 6 and any future space efforts. An announcement after the launching Sunday said the purpose of the flight was "to conduct scientific explorations along the route of the flight and in near-lunar space" and to test the ship's equipment.

Western analysts thought the Russians might try to put Zond 6 into orbit around the moon, but Lovell said his observatory's big radio telescope detected no sign of retrorockets being fired to accomplish this.

ported that troops of the U.S. 1st Air Cavalry Division killed 50 North Vietnamese soldiers in two fights Wednesday in the same general area near the border. Two Americans were reported killed and five wounded.

The U.S. and South Vietnamese commands also announced that combat casualties in the war edged upward last week; the first full week since the bombing of North Vietnam was halted.

The U.S. Command said 166 American troops were killed in action, compared with 150 the week before. South Vietnamese casualties climbed from 129 killed two weeks ago to 200 last week; and 1,431 enemy dead were reported.

Enemy casualties of 1,353 had been reported for the week previous, but this was increased to 2,162, a usual occurrence, and the 1,431 total presumably will be increased next week after more reports come in.

The Perrytown Extension Homemakers Club met Thursday night, November 7 in the home of Mrs. Josephine Rogers. The thought of the month was "A part of 86 wisdom is to know the value of now, before it is gone forever." The hostess, Mrs. Rogers, gave the devotion taken from Psalm 4. A guest, Miss Delores McBride, gave the lesson What a Family Does If The Breadwinner Is Lost. The question was asked each one, "Which Material Problem would You Find Hardest to Face?" The minutes were read by Mrs. Winemiller. The following officers were elected for the coming year: President, Mrs. Sammie Martin; vice-president, Mrs. C.W. Winemiller; secretary and treasurer, Mrs. Wanda Campbell.

The meeting was closed by repeating the Homemaker's Prayer.

Cookies, potato chips, nuts, coffee and cokes were served to ten.

The next meeting for December will be a Christmas supper and exchange of gifts in Perrytown City Hall.

VICTORY CLUB MEETS

On Wednesday, November 6 the Victory Extension Homemakers Club met in the home of Mrs. Dexter Alford, who gave the devotion from Psalm 100. With Mrs. Robert Cash at the piano, the group sang "In the Garden."

In the absence of the president, the vice-president, Mrs. James Ellis, presided. She read the lovely Thought of the Month, "A part of wisdom is to know the value of now, before it is gone forever," and several commented on it. The Homemakers Prayer was read in unison.

Two talks about related thoughts, "What Would You Do If You Lost the Breadwinner in the Family?" and "If You Make No Will, Who Will Get Your Property?" were made by Mrs. Dewitt Little and Mrs. Cash, respectively. Eight members answered the roll call by answering "Which material problem would be the hardest to face?"

New officers for the year are: President, Mrs. Cecil Smith; vice-president, Mrs. Robert Cash; secretary-treasurer, Mrs. Gracie Alford; reporter, Mrs. Avery McKloney. Mrs. Alford

and Mrs. Cash received gifts from their Secret Pals, and sandwiches, cookies, and iced drinks were served for refreshments.

Mrs. Audrey Hampton will be hostess for the December meeting, when there will be a Christmas tree gift exchange and Secret Pals will be revealed and new names drawn.

BRIDGE CLUB MEETS

Master Point Night for the Hope Duplicate Bridge Club had four tables of players Monday, November 11 at the Diamond. Mrs. E.J. Whitman and Mrs. Syd McMath were the first place winners, when the boards were scored.

In second place were Mrs. Dick Moore and Mrs. R.L. Broach; Mrs. George Robinson and R.L. Broach placed third; and Mrs. Harry Hawthorne and Mrs. Marie C. Hendrix were fourth.

P. E. O. MEETING

A depth study in the objects and aims of the P. E. O. Sisterhood was the topic of the program which Mrs. E. P. O'Neal presented at a meeting of Chapter AE, P. E. O., Thursday, November 12 in the home of Mrs. Henry Haynes.

Mrs. Haynes and her co-hostess, Mrs. C. W. Bridgers, had arranged fall mums in several colorful bouquets in the home. Chapter President Mrs. George Frazier had charge of the routine business meeting.

During the social hour, cake was served with coffee or spiced tea to 21.

Coming, Going

Mrs. Beryl Anthony, Jr., Allison and Lauren, El Dorado, are visiting here with Mr. and Mrs. Vincent Foster, Mr. and Mrs. Vince Foster, Jr. are also here until mid-term, when he plans to enter the U of A Law School; he recently completed army basic training at Ft. Dix, N. J.

Joe Eason, Little Rock, was the recent guest of Mr. and Mrs. Milton Eason.

Mrs. Bennie Charles Downing and sons, Scott and Bryant, Hutto, Tex., are visiting Mr. and Mrs. A. L. Park. Last weekend they all motored to Ozark to see Mrs. W. M. Blackard.

Mr. and Mrs. James H. Pilkinton returned home Monday night from a business trip to points in Louisiana. While in New Orleans they visited with Mr. and Mrs. Thomas F. Carter over the weekend. Mrs. Carter is the former Tena Pilkinton of Hope.

Television and Radio

By JERRY BUCK

Associated Press Writer
NEW YORK (AP) — For an hour Wednesday night television's kaleidoscope of comedy and action was dimmed to marvel at a lily pad, follow the flight of a sandpiper and explore the life on a seashore at low tide.

ABC's "The Sense of Wonder" was a poem for the eyes, and the narration by Helen Hayes of the writings of naturalist Rachel Carson was pleasing to the ear.

Miss Carson, who died in 1964, said, "A child's world is fresh and new, full of wonder and excitement." She urged adults "to open your eyes to unknown beauty."

To see life as Miss Carson had seen it, producer Jules Power

took his cameras to Boothbay Harbor, Maine, where she had spent her summers.

The camera paused upon the limpet—"a snail with a shell like the hat of a Chinese coolie"—and the mussel—"with silken anchor lines to the rocks"—and sea urchins and mollusks.

Even that scourge, the barnacle was sensitively portrayed as a living creature imprisoned in its shell, waiting for the sea to bring food to its door. "We should allow ourselves to be curious about things so small that they are easy to overlook," Miss Hayes narrated.

Miss Carson's friend, Dorothy Freeman, told how the naturalist had "opened my eyes to the world around me. . . . Low tide is an insight to life itself."

Armed with a flashlight, the program went on a nighttime safari into a garden to observe the orchestration of the insects. Miss Carson recommended it as

"an adventure for children."

The desert, the redwoods and California's Big Sur also were visited. The program touched upon the controversy stirred by Miss Carson's book "The Silent Spring" and showed the destruction caused by pollution and the encroachment of civilization.

"Our time is running out," Miss Carson warned through her narration. "Man must not be permitted to destroy our environment. Nor must he be a slave to it. A balance must be struck."

"The Sense of Wonder" was an apt demonstration of television's power to evoke wonderment and at the same time gently prod the viewer on the need to preserve this natural beauty.

To return to the harsher realities of television, ABC announced its annual midseason repair job on its schedule. The

losers are "Ugliest Girl in Town," "Journey to the Unknown," "Operation: Entertainment," "The Felony Squad," "The Don Rickles Show," and the Wednesday night "Peyton Place." They will leave the air at the end of January.

The replacements will be: "Section 8," 8:30 to 9 p.m. Wednesdays, a satirical comedy modeled after "Laugh-In." "What's It All About, World?" 9-10 p.m. Thursdays, a contemporary comedy starring Dean Jones.

"The Tom Jones Show," 7:30-8:30 p.m. Fridays, a musical variety starring the Welsh singing star.

"Generation Gap," 8:30-9 p.m. Fridays, a game show.

"Let's Make A Deal," 9-9:30 p.m., Fridays, another game show.

Thursday schedule will be juggled to accommodate the new shows.

BIG FUTURE seen in the crystal ball apparently sparked smile from Sunken Gardens model Becky Hall of St. Petersburg, Fla. The shapely blonde—36-23-35—was named "Miss Futuristic" because of her ability as a prognosticator.

Back in the '20s and '30s when Ted Lightner of New York was one of the world's five or six greatest players he was noted for his languid manner. But bitter experience showed his opponents that the more sleepy he looked, the more dangerous he was.

Today he is 75 years old and more sleepy than ever, except when it becomes time for him to wake up and play the right card.

Today we see him sitting East at the Regency Whist Club. He played his king of hearts at trick one. South played the ace and went into a long huddle while Teddy appeared to lose all interest in the proceedings. Then South led a club to dummy's king and a second club which lost to West's ace.

Now it was West's turn to huddle and eventually he played the deuce of spades. South went up with dummy's ace and led the three of diamonds. Teddy woke up long enough to play the 10.

This second hand high play by Teddy effectively cooked declarer's goose. South had planned to let the diamond ride to West since he could not afford to let East get the lead. But now there was no way for South to achieve his aim. South might have cashed eight tricks and settled for down one but he played three rounds of diamonds in the vain hope that West held the long diamond, not East. Thus he went down two when Teddy took his queen of diamonds and led the heart to his partner.

South had played the hand in a most enterprising fashion and we sort of wonder if very many young, alert, wide-awake experts would have come up with that 10-spot play Ted made.

Cats to Try for Strong Finish

By RALPH ROUNTON
Star Sports Writer

Trying to put together a strong closing finish to an otherwise disappointing season, the Hope Bobcats could make it a satisfying year by upending the favored Nashville Scrappers in the renewal of their annual battle tomorrow night in Nashville. Together the Bobcats and the

Scrappers have a combined record of 9-9-2, but Nashville holds the better end of the deal. They are 6-3-1 at present while Hope is only 3-6-1, but that means nothing in the Hope Nashville series.

Head Coach Joe Goodrum returns many top performers from the 11-1 state Class A champions of 1967, and boasts of a large line to go with an exciting set of runners. In ten games the offense for the Scrappers has rolled up 243 points, while the opposition has scored 127.

That offense is fairly explosive, but the likes of Magnolia and Arkadelphia have been able to shut down the Nashville running attack which means so much to the success of the team.

Directing the squad at quarterback is senior Tommy DeBlack, a 155-pounder who is a fair passer. However, DeBlack is not known for his running ability and rarely takes the ball outside.

Most of the time Nashville lines up in a pro-set formation the Arkansas Razorbacks do, including an unbalanced line with a split end and flanker to either side. On occasion they may close into a slot set or a straight winged-T, and in extreme cases they have run an unbalanced formation with four linemen to one side of the center.

At tailback on the pro-set is sophomore Alan Ray, a 170-pounder who has been outstanding also on punt returns this season. Senior Bubba Wallis returns to his starting spot in the backfield, and he also can run at flankerback. Wallis, a 155-pounder, also handles the place-kicking duties for the Scrappers.

Back fullback is Jim Worley, a fine senior 185-pounder in his third season starting on both offense and defense. A fine blocker, Worley is a cinch for All-District in 7-A.

Bill Mac Callahan is the tight end, and at 6'2in. and 160 he can receive as well as block well. The split end on the other side is senior William Turley, a 140-pound speedster who also is used for some backfield duty.

Ray Holliday is the weakside tackle, and at 175 pounds can pack a big wallop though smaller than most tackles. Over at strongside tackle is big 200-pound Robin McClure, who can also play defensive end.

The Scrappers lost both guards from the '67 bunch, but they have been replaced this time around by a fairly experienced pair of seniors. On the weakside is Johnny Blackwell, a much-re-

spected 185-pounder who teams well with Holliday when they both have to doubleteam or pull to the other side. David Ponder (170) is the strongside guard, and he started on defense last fall.

Bernie Kreul (175) has taken over the center job well in his senior year, but his assignment is big in Bobcat noseman Mickey Allen.

On defense Nashville has stuck with the 5-4-2 alignment, with two linebackers and a pair of cornerbacks. This leaves only two safeties for the secondary, but the line has done well enough to keep them out of trouble most of the time.

Kreul is the noseman, and he is backed by linebackers David Ponder and senior Ronnie Halter (175), who is also a fine running back. The tackles are junior Steve Reeder, a hard-hitting 170-pounder, and senior Johnny Harding (210), who is a fine kickoff man.

Worley plays at one of the defensive ends, and the other is Billy Smith (170). Robin McClure has also played at that spot this year, and 215-pound Larry Clardy could see some action at tackle.

Alan Ray and Billy Mac Callahan start at the crucial corner positions, and they will be tested thoroughly by the Bobcats' outside running game tomorrow night. Wallis and DeBlack are the double safeties, but they have not faced passing attacks of much competence though they cover well against breakaway runs.

And that's the Nashville Scrappers, no pushover by any means, but off from last year's world-beating pace. This is their most important goal outside of winning the 7-A title, and since it's Homecoming the Scrappers will be even more fired up before a home crowd.

Although it was earlier reported that Bobcat Danny Reyenga was through for the season with a broken collarbone, the injury was only classified as a slight fracture and Danny has been practicing this week. In two weeks Danny has picked up 143 yards at tailback, and his presence in the backfield would have been severely missed.

Senior Randy Quillin joins the list of those out for the year, as he has just recovered from a case of pneumonia and spent a good while in the hospital. Randy had come along fine as a first-year player.

The Bobcats taper off today in final preparation for the game with Nashville, and this is final road game for Hope. Next week brings the grand finale at Hammons Stadium with the Arkadelphia Badgers, and that one will determine the third-place finisher in 4-A West.

A-State Is Dropped From Rankings

By THE ASSOCIATED PRESS
San Diego has increased its lead over North Dakota State in The Associated Press' small college football poll—and about the only thing the Bisons can do to unseat the rampaging Aztecs is sit back and wait for an upset.

The Aztecs, who humiliated Southern Mississippi—a major school—68-7 last weekend for their eighth straight, received 11 first-place votes and 304 points in the balloting by a regional panel of sports writers and broadcasters. North Dakota State drew only one top vote, but amassed 236 points.

However, San Diego still has two games left—including a match Saturday night with Tennessee State—while the Peccan Bowl-bound Bisons closed out a 9-0 regular season with a 63-8 rout of Mankato State.

New Mexico Highlands, 9-0, moved from fourth to third and Tampa, 7-1, advanced a notch to fourth, while Chattanooga, 8-1, a 36-16 victim of Mississippi last weekend, dropped from third to fifth.

Eastern Kentucky, 7-1, held on to sixth, but Texas A&I, 7-1, advanced from eighth to seventh; Western Kentucky, 8-1, climbed from ninth to eighth; Indiana, Pa., 9-0, dropped from seventh to ninth, and Weber State, 7-1, moved from 11th to 10th.

Newcomers into the Top 20 were No. 11 Central Missouri State, 7-0-1, No. 14 South Dakota, 8-1, No. 16 Williamette, 8-0, and Humboldt State, 7-1, tied with Appalachian, 7-1, for 18th.

Rounding out the second 10 were No. 12 Morgan State, 6-1, No. 13 Troy State, 8-1, No. 15 Akron, 6-2, No. 17 Texas Arlington and No. 20 Kings Point.

Dropping out of the rankings were Arkansas State, 10th last week, after losing to Southwest Louisiana; Lenoir Rhyne, 12th, after an idle week; Emory & Henry, tied for 18th, despite a 44-13 victory over Guilford, and Northern Michigan, 20th, following a loss to Southern Illinois.

LITTLE ROCK (AP) — Fort Smith Northside Coach Bill Stancil remembers the 1966 high school football season.

And, you can bet, that his Grizzlies will be familiar with all the gory details before Friday night.

Two years ago Northside had defeated Little Rock Hall and could have clinched the state championship with a victory over North Little Rock. Instead, the Wildcats defeated Northside at Fort Smith.

Once again, North Little Rock is the major obstacle between Northside and the state title. The top-ranked Grizzlies wind up their season against Fort Smith Southside which may have trouble finishing at .500. A victory over the Wildcats would also give the Grizzlies the AAAA championship.

The Grizzlies will remember 1966.

Elvin Hayes Sensational in Victory

By THE ASSOCIATED PRESS
Sensational Elvin Hayes went on the biggest scoring binge in the National Basketball Association this season—54 points—but he needed two little points by Art "Hambone" Williams to keep it from going for naught.

Williams connected on a driving layup with 17 seconds left Wednesday night to give San Diego a 122-120 victory over Detroit after Hayes fended off a Piston rally with 17 of his points in the final quarter.

Runnerup Baltimore trimmed Cincinnati's lead in the Eastern Division with a 115-111 victory and Atlanta trounced Seattle 142-113 in the night's other games.

Kentucky rolled past Los Angeles 115-108 in the only American Basketball Association game scheduled.

The 6-foot-8 Hayes, a top candidate for Rookie-of-the-Year honors, broke the previous season high of 41 set by San Francisco's Nate Thurmond in a game with Seattle last month.

Detroit's Dave Bing, hampered with the flu, managed 26 points—including a follow shot with 41 seconds left that gave Detroit a 120-119 lead.

After Williams' shot wiped that out, the Pistons drew a technical foul and Rocket John Block converted for the final two-point margin.

Earl Monroe drilled in four of his 33 points in the final 1½ minutes in enabling Baltimore to hand Cincinnati a loss that was painful in more ways than one.

The defeat stopped the Royals' six-game winning streak, and to make things worse, their top shooter, Oscar Robertson, aggravated an ankle injury in the second quarter and missed the entire second half.

The Bulls, who trail Cincinnati by only .017 percentage points, led until the last quarter when Fred Foster's free throw put the Royals in front 105-104 with 3:11 left.

After an exchange of field goals, Westley Unseld hit a free throw and a basket and Monroe canned two straight shots to preserve Baltimore's first victory at Cincinnati since 1964.

Joe Caldwell hit 11 of his 26 points in a third-quarter spurt that broke open a tight match.

Seattle took a 42-34 lead early in the second quarter, but Atlanta rallied for a 58-52 lead at halftime. Lou Hudson paced the winners with 28 points, while Lenny Wilkens had 27 for the SuperSonics.

Kentucky trimmed idle Minnesota's Eastern Division lead in the ABA to one-half game with its victory over Los Angeles.

Louie Dampier, who had three previous low scoring games, whipped in 37 points, including a flurry in the first half when Kentucky rolled to a 40-25 lead at intermission.

Steve Chubin had 24 and Warren Davis 23 for Los Angeles.

Propped before the rostrum by Marcelano and Moore, two men he fought, Charles said haltingly:

"It's hard to realize this could happen to me. All I can say is thank you, thank you."

Marcelano, Moore, Cassius Clay, The Rev. Henry Armstrong and Johnny Coulon, all former champions, attended the \$15-a-plate benefit for 47-year-old Charles, who held the heavyweight from 1949 to 1951.

In the overflow crowd at a downtown hotel were such other former fighters as Johnny Bratton, Bob Satterfield, Cole Wallace, Johnny Paycheck, Max Baer, Davey Day and Hubert

Egad, friends, the jillions of congratulatory telegrams you showered down on me following my correct forecast—kaff-kaff—of an upset victory for Auburn over Tennessee, were welcome indeed—but they really were not necessary.

Veteran readers of this column will tell you the Hoople System, year-in-and-year-out, has pegged the outstanding upsets each season—har-rumph!

To prove the Tigers' decisive 28-14 thumping of previously unbeaten and fourth-ranked Tennessee was no fluke, watch for the Auburn lads to hand Georgia (6-0-2) its first reverse of the year. I predict an Auburn triumph, 25-17!

The remaining major undefeated clubs—Ohio State, Southern California, Penn State, Yale, Harvard (all 7-0) and Ohio University (8-0)—

Wake Forest 24, Duke 12
Harvard 35, Brown 17
Houston 41, Idaho 13

The Ohio State-Iowa game will be a free-scoring affair

with the Buckeyes finishing in front, 39-33. It will be just the opposite in the Southern California-Oregon State meeting as the Trojans squeeze out an 11-9 win over the Beavers—hak-kaff!

Penn State's Nittany Lions should have an easy time disposing of a below-par Columbia crew. The Hoople System forecasts a Penn State victory, 35-10!

For Yale and Harvard this is the last warm-up before THE GAME on Nov. 23, in which they'll decide who will sit in the Ivy League throne room.

Yale will run its undefeated string to 18 by whacking Princeton, 27-13. Harvard's Crimson will do Brown up brown—heh-heh—as they score a convincing conquest, 35-17.

Trevino and Boros Are Favored

By PATRICK O'KEEFE

HOME (AP)—They add up to 76 years of age and almost a quarter of a million dollars in golf winnings for 1968 alone. By any odds they are the favorites to outplay two-man teams from 41 other nations and capture the 16th annual World Cup Golf Championship which opened today.

They are U.S. Open champion Lee Trevino, 28, of Dallas, Tex., and Julius Boros, 48, PGA champion, of Fort Lauderdale, Fla. In a lazy practice round under a mellow Rome sun Wednesday Boros carded a 68, two off the record 66 for the 6,850-yard par 72 Olgiata Country Club course. Trevino, tanned and fresh from winning the Hawaii Open, finished in 72.

Since making book on sports events is not the fashion in Italy, it was the lockerroom and clubhouse golf watchers who lauded the Americans as 4-1 favorites over Gary Player and Cokie Le Grange of South Africa and the Canadian squad led by George Knutson and Al Balding.

A.S. authority on Soviet space shots says Russian cosmonauts may try to beat Americans to a trip around the moon—but apparently are not as ready for a moon landing.

Russia may try a moon shot two weeks before the U.S. Apollo 8 effort scheduled Dec. 21, the U.S. expert said Wednesday. He asked that his name not be used.

But the Russian goal will be to reconnoiter and photograph the moon's far side while U.S. astronauts will be looking for sites and approaches for a landing on the moon's face next year, he said. He said this indicates the Russians are not ready for a landing.

Other rocket and spacecraft experts tended to agree with the analysis.

WASHINGTON (AP) — The United States has established diplomatic relations with Panama's month-old military junta but will not immediately resume the \$14.2 million aid program to the country.

The United States became the 11th member of the 22-member Organization of American States to establish such ties and did so after extensive consultation with other OAS members, the State Department said Wednesday.

Restless Nights for Many of WR's Workers

By ROBERT SHAW
Associated Press Writer
LITTLE ROCK (AP) — Gov. Winthrop Rockefeller gave his advisers some sleepless nights during his campaign for reelection.

After all, what politician would admit that if he's re-elected he'll ask to increase taxes and put the state in debt? On top of that, he'd said again that he was in favor of a bill legalizing mixed drinks in some form.

"I won't pretend I didn't lose some sleep when he stated his position so clearly on some issues that are considered off-limits politically," said John Ward, his campaign manager.

But Ward, who admits to counseling Rockefeller to say nothing on taxes, bond issues and mixed drinks, believes the governor's candor helped him win a second term.

"I think he's candid so much that he gets away with it, if you want to look at it that way," Ward said. "No matter if you disagree with him, I think his opponents concede this, I think the people believe he is an honest man."

Ward believes the significance of the campaign is that the voters re-elected Rockefeller "knowing that he was planning to make some kind of adjustment in taxes and other means of financing state improvements."

"I believe that this is unheard of in Arkansas politics," Ward said.

"He took in with him a kind of mandate that the people are ready for reform and change and the people are ready to support that with more money."

Reminded that the governor had said that he had received "less than a mandate," Ward replied:

"While I don't know what a mandate is, I feel the margin was comfortable and he can go deal with the legislature effectively, and they will realize that the people elected him with the possibility that more revenue will be needed for his programs."

Ward said he believed the 1969 legislature would be "constructive" and will, "by and large," support Rockefeller programs.

"I think the legislators will support his program because they know it's needed and because he was elected with his program," said Ward.

He said no evaluation of the new makeup of the legislature had been made by Rockefeller's staff, but that it planned to make one soon.

Ward said a Rockefeller poll showed the governor trailing the Democratic nominee Marion H. Crank, after Crank's primary runoff victory over Mrs. Virginia Johnson. He declined to say by how much Crank led, but said this was "a natural situation" because Crank "had had center stage for months."

"It was not alarming or surprising," Ward said. He said Crank hit his peak six to eight days after the runoff and Rockefeller began a gradual climb that continued until election day, when he received about 52 per cent of the vote.

Crank has said the election turned on Rockefeller's ability to solidify the Negro vote and nepotism accusations made against the Democratic nominee.

Ward agreed that these were two factors. He said his off-hand estimate of the percentage of the Negro vote that went to Rockefeller was 75 to 80 per cent.

Ward said he believed Crank could have cut into Rockefeller's support among Negroes if he had not "kept trying to play games" with supporters of third party presidential candidate George C. Wallace and had come out openly for Vice President Hubert H. Humphrey for president. Ward said

legal amount of taxed beer, Plea guilty, fined \$106.50.

Luther Bishop Possessing untaxed intoxicating liquor, Plea guilty, fined \$106.50.

Alvin Milus Malicious mischief, Forfeited \$16.50 cash bond.

Lauretha Noble, Robert Smith, Dave Reed, Dave Reed Disturbing the peace, Plea not guilty; tried, found not guilty.

The following cases were dismissed:

CLARENCE BARRONG

MAGNOLIA — Clarence Barrong, son of Mr. and Mrs. Clarence Barrong of Hope, has received an Ethel Hart scholarship to Southern State College for 1968-69 according to Bernard Polk, director of student aids.

The Ethel Hart awards are made to outstanding students in the field of business at Southern State and were made possible by a bequest from Mrs. Hart, a long-time business teacher here before her death in 1963.

Barrong is a graduate of Hope High School and is a senior business education major at Southern State, where he is preparing for a career in teaching. He is a member of Tri C, civic and commerce club at Southern State College.

Negroes split their ticket to vote for Humphrey and Rockefeller.

Revelations that members of Crank's family — including a daughter who was eight at the time — were on the state payroll were "extremely damaging" to the Democratic nominee, Ward said.

"I thought Crank, politically, would have been far wiser when he talked about it to tell it all at the same time," Ward said. "But he barely talked about it, opening the door, and it came out in drips and dribbles and continued to damage his image over a long period of time."

During Strike Teachers Do Everything

By BOB MONROE
Associated Press Writer
NEW YORK (AP) — At several public high schools which are open and operating despite the continuing teachers' strike, shoestring staffs manage to teach courses ranging from Mandarin to chemistry, biology to business law.

The negotiations deadlock which has kept most of the city's 1.1 million pupils out of school for six weeks drags on but out of it the youngsters at these schools appear to be finding a new relationship with their teachers.

With teachers acting both as instructors and principals the emphasis is on student self-discipline. "Now that we could goof off if we wanted to, nobody seems to be doing it," noted one student at Seward Park High School.

"Even though we have no administrative staff, we've had no discipline problems," said Mrs. Dorothy Gordon, a teacher. Helping run George Washington High School.

At Seward Park, about 100 students showed up for classes along with 13 teachers Wednesday. There were three loosely arranged morning periods and the youngsters were allowed to choose their classes.

They were also allowed to smoke in a third-floor classroom.

In one room Miss Ronna Reiser, a language teacher, instructed a class of eight pupils in second year Mandarin, a Chinese dialect. "Ni you mei you you?" ("Do you have a wrist watch?") she asked. "Wa you you?" ("I have a wrist watch") responded a student.

At Central Commercial High School 207 students attended 76 classes during six 40-minute periods in a half-day session. In a third floor classroom would-be typists pecked away at all but two of the more than 30 machines.

Many of the teachers at the five schools are regulars who have to cross picket lines set up by their fellow members in the striking United Federation of Teachers, AFL-CIO.

Another round of talks in the dispute broke up today with no

reports of progress and Albert Shanker, president of the UFT, said again a settlement would "most likely" have to come from the Legislature in Albany.

The dispute stems from the refusal of the predominantly Negro and Puerto Rican Ocean Hill-Brownsville decentralized school district in Brooklyn to reinstate a group of union teachers if summarily dismissed.

Ocean Hill's governing board has since agreed to take the disputed teachers back but the UFT now demands that the board, its administrator and the district's eight principals be suspended before teachers go back.

Mrs. Maddox Denies Taking Speech Lessons

ATLANTA, Ga. (AP) — Virginia Maddox denies reports that she is taking speech lessons in preparation for running for governor in 1970. But she said Wednesday she'd like to take lessons sometime.

Gov. Lester Maddox has hinted that his wife may seek the office in 1970, since state law bars him from consecutive terms.

165 in Cross Country Run

CHICAGO (AP) — A field of 165 runners from 22 schools will compete in the Central Collegiate Conference cross country meet over Washington Park's five-mile course Saturday.

Miami of Ohio, defending champion, is expected to face a stiff challenge from Western Michigan, runner-up last year.

FRESCOES ARE ABUNDANT on the interior walls of thousands of Italian churches, but in the Aosta Valley of northern Italy, the fashion was to paint them on the exterior walls and facades where they could be seen by the light of day. Their preservation, after hundreds of years of exposure to the ravages of time and the elements, seems to prove that the Alpine artists had secrets not known to Renaissance masters, whose works in many cases had to be restored. This is the Church of St. Leger, near Aosta.

DOCTOR'S MAILBAG

Ruptured Disk Severity Governs Treatment Need

By WAYNE G. BRANDSTADT, M.D.

Q—How long does it take for a ruptured or slipped disk to heal? Do I need calcium or something to strengthen my bones?

A—Since the severity of a ruptured disk depends on the amount of the material that protrudes from the disk, the type of treatment required varies. Some persons with a mild attack will respond to a few days of bed rest while others with a more aggravated attack may require traction or a corrective brace.

Exercises to strengthen the back may be advisable in some instances. One doctor has reported good results and avoidance of an operation by giving vitamin C. In patients who are over 60 and with whom other methods have failed, however, surgical removal of the disk is still required for lasting relief.

Everyone needs foods that contain calcium to strengthen their bones but this would have no bearing on a disk rupture.

Q—What is the difference between scoliosis, sclerosis and silicosis? Does scoliosis affect only females?

A—Scoliosis is an S-shaped curvature of the spine. Sclerosis means hardening, as in arteriosclerosis (hardening of the arteries). Silicosis is a deposit of silica in the lungs. It is seen in miners, tunnelers, sand blasters and others employed in similar pursuits. Scoliosis is observed in both sexes.

Q—Is there any new method of correcting spinal curva-

tures?

A—No. The best treatment is still recognition of the disease in childhood and the application of a body cast or brace.

Q—My doctor says I have spondylolisthesis. I wear a back brace part of the time but it doesn't help much. Would an operation help me?

A—Spondylolisthesis is a congenital condition in which one of the vertebrae of the lower back is defective and is displaced forward. It is more common in girls than in boys and often escapes notice until adolescence. The best results are obtained when the condition is recognized early and corrected surgically before the end of the period of growth.

Q—What is a lumbar myelogram?

A—A myelogram is an X ray of the spine. The lumbar region lies just below the ribs. (Newspaper Enterprise Assn.)

ABA Favors Safe Legal Abortions

By ALTON BLAKESLEE

AP Science Writer
DETROIT (AP) — "All women" should have the right to "safe legal abortions," the American Public Health Association's governing council declared today.

In a formal resolution, it put no string on any woman's right to decide not to have a baby if she became pregnant. Such a stand goes far beyond even the most liberal of the present state laws.

"The APHA urges that access to abortion be accepted as an important means of securing the right to spacing and choosing the number of children wanted," the resolution said.

"To this end, restrictive laws should be repealed so that pregnant women may have abortions performed by qualified practitioners in medicine and osteopathy."

The resolution will be distributed to members of the prestigious, quasi-official National Health Organization at its 96th annual meeting. It was adopted by a vote reported to have been about three to two among the council's 100-plus members.

Most state laws prohibit abortions unless the mother's health is clearly endangered.

A few states have recently modified this stand to permit abortions if, for example, there is good evidence that the yet-unborn infant might be deformed. None permits an abortion because the woman, married or single, simply does not want a baby, or another baby.

Illegal abortions are performed by the hundreds of thousands each year, often under conditions that result in serious infection or death, or later inability to have a child, and invariably at exorbitant cost.

Pentagon Admits to Misjudgements

WASHINGTON (AP) — A top Pentagon official says a report drawn up by his staff for top U.S. officials including Cooper as they prepared to attend the meeting of NATO foreign ministers now under way in Brussels, Belgium.

The thrust of Enthoven's original memorandum remained unchanged: That NATO forces remain inadequate and should be upgraded.

The systems analysis appraisal contended that in rough numbers of men NATO forces can match those of the Warsaw Pact countries.

"If NATO's military posture is inadequate—and we think it is—it is not because we are grossly outnumbered," the paper said. "Rather, it is because of readiness deficiencies that NATO has not thought worth fixing."

Neighbor Saves Elderly Pair

ROYAL OAK, Mich. (AP) — Elmo McCorquodale, 95, and his 101-year-old wife Margaret have always been neighborly.

This week a neighbor repaid their kindness.

"I've always checked on them," said the neighbor, Mrs. William J. Brake. "When I noticed the shades weren't up Monday, I called police."

Police found the couple had collapsed from malnutrition and dehydration and apparently had not eaten for three days.

They were taken to a hospital and by Wednesday, reported "eating well" and in satisfactory condition.

"There was plenty of food on the shelves," said Mrs. Brake. "But they were probably just too tired to fix it."

Cat Custody in Divorce Case

NEWPORT, Ky. (AP) — Florence Howard of nearby Fort Thomas was granted a divorce Wednesday and her former husband was given custody of the couple's cat although she received visiting privileges.

A two-page agreement, signed by the woman and Porter Howard and approved by the Campbell County circuit court, said, "Mr. Howard shall keep the cat... and permit wife to visit same."

The couple had no children.

Frost Report
Postage Hassle

Our Billy Dan Jones, mechanical superintendent and No. 1 pressman, not only has an artistic eye but the skill to turn what he sees into print. That beautiful layout on Grassy Lake on The Star's back page yesterday was a one-man show by Jones.

All-round newspaper people who can prepare a feature page, complete from pictures to captions and text, aren't uncommon. Your editor did it for years in black-and-white photography, recently graduating to full color. But Jones adds that extra touch of theme design - hand-drawn titles and decorations plus duotone printing - one color over black.

So what you saw yesterday was Jones' black-and-white pictures of Grassy Lake islanded on Autumn leaves the color of gold. He sketched the leaves, superimposed a photo scene on each leaf, and then added gold ink to the press operation. Without the new press it wouldn't have been possible - but a production like yesterday's justifies the \$91,000 machine.

Billy Dan made the pictures during the State Audubon convention's tour here Oct. 25-27. I understand that the Society as a reward made Jones an honorary member of something called The Royal Order of Bird Watchers. It's for love - not money.

Southwest Arkansas' first killing frost of the 1968 season occurred last Saturday, Nov. 9, with a low of 32 degrees. The mercury dropped to 23 on the 12th and again on the 13th - but the growing season ended on the 9th.

Tradition has it that our first killing frost arrives between the last week in October and November 20. So it arrived on schedule this season. We've been keeping the Experiment Station's frost report in our ABC Circulation Book for the last 11 years. In eight of those years a killing frost arrived in November, the other three showed in late October.

But it's sweet music to an ex-Northern Pennsylvanian who used to see frost strike at the end of August. Here we have a two-months-longer growing season than the northern tier of states.

The 11-year frost record for Southwest Arkansas follows:
1958 - Nov. 7 - 32 degrees
1959 - Nov. 6 - 25
1960 - Nov. 11 - 22
1961 - Oct. 27 - 31
1962 - Nov. 4 - 30
1963 - Nov. 14 - 23
1964 - Nov. 20 - 29
1965 - Oct. 25 - 27
1966 - Oct. 20 - 32
1967 - Nov. 4 - 27
1968 - Nov. 9 - 32

We gather reinforcements in our campaign to persuade business houses and governmental agencies to stop printing "Place Stamp Here" in the corner reserved for postage on envelopes - which practice interferes with the use of postage-meters.

We received the following letter this morning from Pitney-Bowes, Inc., Stamford, Conn., who manufacture and lease postage meters:
Editor: The Star: Your October 17 column objecting to companies and other organizations using envelopes with a printed "Place stamp here" in the upper right hand corner of their return envelopes has come to my attention, and I couldn't agree with you more; this is a useless thing to do.

I have myself been irritated by this habit, which many of the firms in this area do, and I am getting in touch with our Director of Advertising to see if there isn't something we can do here to help discourage this mindless habit. We certainly welcome your efforts along this line.

With all good wishes, Sincerely yours,

Nixon Soon to Select Budget Chief

NEW YORK (AP) - President-elect Richard M. Nixon said today he has President Johnson's assurance - and insistence - that the incoming president be consulted in advance of any major foreign policy decision prior to the inauguration.

By FRANK CORMIER
Associated Press Writer
NEW YORK (AP) - President-elect Richard M. Nixon is pushing toward an early announcement of his choice for a new federal budget director.

Sources close to Nixon said that those under consideration for the important post included T. Norman Hurd, budget director for New York State, and Caspar Weinberger, California's director of finance. It was understood that Maurice Stans, who once headed the budget bureau in the administration of President Dwight D. Eisenhower, is not interested in returning to that slot, although he was actively involved in the Nixon campaign.

An early choice of budget director is dictated by the fact that the budget-making process for the 1970 fiscal year that begins next July 1 already is well under way.

Nixon aides said that, since President Johnson will present the new budget to Congress before leaving office Jan. 20, the President-elect will be severely limited in making major changes in what is always a massive and detailed blueprint for predicted federal outlays.

Quite naturally, Nixon wants his own man to be as active as possible in the budget-making process. The President-elect, while in New York, has been holding a series of staff conferences aimed at lining up his prospective White House staff and, further in the future, recruiting talent for the Cabinet and other top positions.

Rabbit Keeps Him Away

CLEVELAND, Ohio (AP) - Scott Bracale, 8, hasn't been to school for nine days because there is a big white rabbit sitting in his classroom and the boy is allergic to animal fur.

Officials of Hilltop School in suburban Beachwood said they tried moving Scott into another classroom about 1,500 feet away from the rabbit, but he still became ill and had to go home. "My son is being kept out of school while a rabbit is getting an education," Mrs. Robert A. Bracale said Wednesday.

Work Starts to Unite West Europe in Wake of Czech Invasion

By CARL HARTMAN
Associated Press Writer
BRUSSELS (AP) - Britain worked today to build West European unity on defense matters as defense ministers of the North Atlantic alliance met to discuss strengthening their forces in the wake of the Soviet invasion of Czechoslovakia.

The defense ministers' meeting opened three days of top-level sessions of the North Atlantic Treaty Organization, the semi-annual get-together of the defense, finance and foreign ministers from the 15 NATO members.

British Foreign Secretary Michael Stewart is using the situation to try to create a "European caucus" within NATO. One reason for such a body is that many West Europeans have been impressed by their own impotence to do anything about such events on their own doorstep as the Arab-Israeli war and the occupation of Czechoslovakia.

Stewart also is looking for a way to bypass President Charles de Gaulle's veto of British membership in the European Common Market. Cooperation on arms procurement could bring the British and continental economies closer together. British Defense Minister Denis Healey was host Wednesday night to his colleagues from West Germany, Belgium, Holland, Italy, Norway and Denmark, and Luxembourg's for-

Violence Closes Calif. College

SAN FRANCISCO (AP) - Classes have been suspended for an indefinite period for San Francisco State College's 18,000 students after a week of sporadic vandalism and violence stemming from a black student union strike.

President Robert R. Smith ordered the suspension Wednesday night "until we can open and operate in a more rational manner."

Smith acted after about 30 members of the police Tactical Squad were summoned to the campus twice within half an hour. They were met with rocks and cans and surrounded by groups of shouting demonstrators, both Negro and white.

In the resulting melee, eight persons were arrested - seven of them charged with felonious assault on an officer and one with assault and battery. There were no reports of serious injuries. Smith said he felt the Wednesday disturbances showed "we are moving further and further toward physical confrontation between people and this has demonstrated that a minority can close a campus and that we can't keep it open with the as-

sign minister Pierre Gregoire. A British spokesman said they agreed on the need to undertake closer cooperation among European countries on defense.

They also agreed, he added, that such cooperation should not divide the allies and should not create any new institutions. They will meet again in December or January the spokesman said.

West German Defense Minister Gerhard Schroeder told newsmen after Healey's dinner that there must be discussion with the United States on its plans for keeping troops in Europe over the next few years.

The impression must not be given to the Americans, he said, that the United States will have a lighter task in Europe because of anything the Europeans do to get together.

However, West German Chancellor Kurt Georg Kiesinger said in a speech, "We must not forget that the United States has other interests besides those in the Atlantic."

On Friday and Saturday, Secretary of State Dean Rusk, Stewart and the other foreign ministers of the 15-nation alliance will meet to lay down policy for the organization. Among other things, they will discuss what can be done after the events in Czechoslovakia to improve relations between the NATO countries and the Soviet bloc.

Soviet Ship Circles Moon, Heads Home

JODRELL BANK, England (AP) - An unmanned Soviet spaceship circled the moon and apparently headed back to earth today, Britain's Jodrell Bank Observatory reported.

Sir Bernard Lovell, the director of the observatory, said the craft, Zond 6, was performing almost exactly like Zond 5, the first spaceship to circle the moon and be recovered safely.

Zond 5 was launched on a Sunday, like Zond 6, and it was recovered in the Indian Ocean the following Saturday, Sept. 21.

The current moon trip, together with the successful flight of cosmonaut Georgy Beregovoy last month and the Zond 5 success has started speculation that the Soviets may try to beat the U.S. manned shot around the moon scheduled for Christmas.

The National Aeronautics and Space Administration announced Tuesday that three U.S. astronauts would make 10 orbits around the moon during a 20-hour photography mission on Christmas Eve. The Apollo 8 is to orbit 70 miles above the moon's surface.

Lovell reported Zond 6 passed within 1,000 to 2,000 miles of the moon's surface. On Wednesday he reported voices that ap-

\$34,362 U.S. Fund for Blevins School

Blevins School District at Blevins has been notified by the Federal Programs Division of the State Department of Education that its program for the expenditure of \$34,362 in Title I funds under the Elementary and Secondary Education Act has been approved. Associate Commissioner Wm. H. Moore who heads the Federal Programs Division, announced this week.

This amount may vary slightly when final calculations on allotments are completed sometime next month, Moore said. In all cases, however, countries will be receiving approximately eight per cent less Title I money than last year due to an ESEA cutback at the Federal level, Moore explained. He added that a formula readjustment of the number of eligible children for school districts within each county has accounted for a slight increase in a few school districts and reductions beyond eight per cent in others.

The Blevins District is receiving \$422 less than it received in 1967-68. Its Title I program which is planned for educationally disadvantaged children will include: under instructional activities: English, reading, mathematics, and music; under supportive services: clothing, food, medical and dental care.

Workers Give to Local United Fund

A copy of a letter from Lona Star Ammunition Depot, received by the Hempstead County United Fund, states that the Day and Zimmerman employees, and government employees, have pledged \$7,284.73 for the drive now in process. This pledge is about \$3,000 more than was pledged for the current year.

The employees pledged a total of \$168,916.67 to 19 area United Fund Chapters. The Hempstead County pledge was the fourth largest. The letter expressed the thanks to the employees for recognizing the need to support their own local United Fund. The total pledges was 21 per cent over the goal set by themselves.

This pledge represents about 30 per cent of the Hempstead County United Fund goal of \$24,500. It brings the total received to \$17,796.37. Pledges from two large industries are expected any day that should total about \$3,000.

All workers are urged to complete the contacting of prospective donors and turn in their cards as soon as possible.

Casualties Edging Up in Vietnam

SAIGON (AP) - Combat casualties in the Vietnam war edged up last week among U.S., South Vietnamese and enemy forces, the allied commands reported today.

The reporting period, Nov. 3 through Nov. 9, was the first full week since the halt in the bombing of North Vietnam.

U.S. headquarters reported 166 Americans killed in action last week, 16 more than the previous week. There were 1,253 Americans wounded in action last week, also a slight increase over the 1,214 the week before. Of the wounded last week, 549 were hospitalized.

South Vietnamese casualties climbed last week to 200 men killed and 798 wounded, compared with 129 killed and 684 wounded the week before, Vietnamese spokesmen said.

The number of enemy reported killed last week was 1,431, compared with 1,353 reported for the week before. But the latter figure was increased today to 2,162, as happens every week. The latest U.S. casualty reports raised to 29,350 the number of Americans reported killed in action since Jan. 1, 1961. The number of Americans wounded in that period rose to 184,602.

The U.S. Command also reported that the number of enemy casualties "as a result of hostile actions" since the start of 1961 was 413,558.

U.S. Warns Continued Attacks in DMZ Could Wreck Peace Talks

By JOHN M. HIGHTOWER
AP Special Correspondent

WASHINGTON (AP) - The United States has warned North Vietnam that continued violations of the demilitarized zone separating North and South Vietnam could wreck the Paris peace talks.

The warning given to North Vietnamese representatives in Paris by U.S. representatives was disclosed by the State Department in a cautiously-worded statement Wednesday.

Officials said that beginning last Saturday there had been at least three instances in which American or South Vietnamese forces near the demilitarized zone had been hit by artillery shelling from enemy forces inside the DMZ.

The statement said the United States takes a serious view of such incidents and "our representatives in Paris have brought this situation forcefully to the attention of the North Vietnamese."

"As the President and Secretary (of defense) Clifford have made clear," the State Department added, "our position is that serious talks could not be conducted if the DMZ were abused."

The statement issued by State Department press officer Carl E. Bartsch was mainly designed to provide some fresh assurances to Saigon that the United States has not agreed to any special status for the Viet Cong's political arm, the National Liberation Front - and does not consider the NLF to be "an independent entity" in South Vietnam.

In addition, the statement rejected implied claims of North Vietnam in recent statements that U.S. reconnaissance flights over North Vietnam violate the understandings which led to President Johnson's decision Oct. 31 to halt bombing and other attacks on the North.

"The activities that we undertook to stop," the statement said, "were all bombardments and all other acts involving the use of force." This precise phrase was used repeatedly with the North Vietnamese in contrast to the words they suggested simply because reconnaissance is not an act involving the use of force. The North Vietnamese accepted this phrase . . .

287 Enemy Killed in Fighting

By GEORGE ESPEY
Associated Press Writer

SAIGON (AP) - While U.S. planes and helicopters rained down flares, bullets and bombs, less than 500 South Vietnamese rangers and American artillerymen fought off about 1,000 North Vietnamese troops near the Cambodian border through the night and counted 287 enemy bodies after dawn broke today.

The North Vietnamese attack on the small rager camp 60 miles north of Saigon produced the Vietnam war's heaviest fighting in weeks, with 120 of the enemy dead found inside the camp's barbed wire.

The other bodies were strewn over the cratered approaches which had been blasted by the Americans' 155mm guns inside the camp and the U.S. planes and helicopters circling overhead.

Four South Vietnamese were reported killed and 23 wounded. No American casualties were reported.

The North Vietnamese crossed the Cambodian border to storm the jungle camp, named Landing Zone Dot, in an area where allied forces are sweeping for an estimated 15,000 to 20,000 North Vietnamese troops believed massed along the border. Dot was held by a battalion of South Vietnamese rangers and a U.S. howitzer battery.

The North Vietnamese made their first charge about midnight, under cover of a heavy mortar barrage to pin down the defenders. Within about an hour, two thrusts had breached the camp's barbed wire defense perimeter.

The attackers made four assaults through the night, holding on for seven hours before the big American guns fired point-blank, helicopter gunships and dive bombers blasted them back across the border.

It was 7:25 a.m. when the camp radioed that the enemy had broken off the action and pulled back.

The rangers reported capturing a large quantity of enemy weapons left on the battlefield, including 53 Chinese assault rifles; 12 rocket launchers; 3 mortar tubes and 7 antiaircraft machine guns.

Earlier, U.S. headquarters reported 287 ENEMY

PARADE OF PROGRESS HONOR ROLL

Of Hope Business Institutions

Have you ever wondered when the Hope firms with whom you do business with were founded, who founded them, and who runs them? You'll find the answer in this Parade of Progress Honor Roll. Each of Hope's Business enterprises is contributing materially to the continuing and impressive community progress. Each firm or organization is placed according to the year it was established in Hope.

- 1885**
GIBSON'S REXALL DRUG
Founded by A. A. Gibson, Father of John S. Gibson, who assumed ownership in 1890. In 1905 we became one of the first Rexall Stores. Two grandsons of the founder became partners with their father and in 1956 John S. Gibson Jr. sold his interest to his brother Charles Dana and his wife Margaret. THE FIRST NATIONAL BANK
Captain J. T. West was a spunky man. Back in 1876 he retired from successful Mississippi Boating business and moved to Hope, (a cabin boy under him was a youngster named Samuel L. Clemens whom the West nicknamed Mark Twain.)
In 1893 The Bank of Hope came into existence with spunky Captain West as its first president. Later known as the First National Bank of Hope, it still maintains the old riverman's aggressiveness and business institution.
Since opening the doors of its new building at Second and Walnut in 1959, First National has almost doubled its customer deposits, and grown into a financial institution offering a full range of services to all South-west Arkansas. Maybe it's because the Spirit of spunky Captain West is still there.

Plan No. 65760n

Here is a house plan for a comfortable, three-bedroom house with two baths and medium-large rooms. It will provide your family with plenty of room for informal living in the combination kitchen-family room which opens into the carport. The carport is shown for a single unit, but the roof could easily be extended to make a double carport. With the car or cars left in the driveway, this covered area will be ideal for outdoor activities.

The central conditioning system and the water heater should be located in an outside storage area. This location will make it easier to service the equipment. There is also storage space for lawn equipment and other items. The formal living room may be entered from either the foyer or the family room.

The two bathrooms are designed back to back to save plumbing costs. The laundry equipment is located in the bedroom area, just outside the central bath. It opens into a "working" hall four feet wide. Automatic laundry equipment makes this location practical and most efficient. The main bathroom is compartmented to double its usefulness. The front compartment contains a wash bowl, dressing table and a wheeled laundry cart, as well as two closets.

Each of the three bedrooms is of a comfortable size and has extra large closets.

If you would like to study this house plan, call or write the Hempstead County Extension Office in the county courthouse and request Extension Plan No. 657606.

HELEN HELP US!

by Helen Bottel

WANTED A DIVORCE FROM PARENTS

Dear Helen: Just like married people get divorces, I'd like to divorce my family.

My mother hates me, and my father couldn't care less. My family is a whole army against me. You can hear my mother screaming at me clear down the street. Both parents figure by yelling louder of hitting harder and grounding me, they will make things better.

My mother sees sex in everything, and trusts nobody. My friends aren't friends, but she thinks all teen-agers ever do is have orgies. If she had her way, she'd send me to the doctor every month for an examination to see if I'm still "pure."

A boy I know moved away and sent me a letter. You know how all kids sign "Iuv" on their notes. Well, he printed it in those fat, pschodelic letters, and my mother said it was "a picture of the sex act" and he was depraved." He just wrote friendly things. We never dated, 'cause they don't allow me to. I'm over 16, do well in school and earn my own money, which they mostly take away from me, for "board and room."

I'd run away, but my brother did, and he ended up in Juvy. I have a girl friend whose mother and father are wonderful. They see how things are and want me to come live with them. I don't dare mention it at home. But I'm getting so nervous I burst into tears if anybody looks at me.

What can I do?—JANIE FROM ROCHESTER

Dear Janie: If things are as bad as they appear from your 10-page letter, a foster home is just about the only solution. Since a good one is waiting, it may take only a discussion with juvenile authorities and your parents to place you there. Surely your friend's parents will go to bat for you. Ask them!—H.

Dear Helen: My Dad and I have a little argument. When my boy friend comes over, he usually holds my hand, or sometimes lightly puts an arm around me. No mushy stuff though. We aren't the type.

I see nothing wrong with this, but Dad practically throws a fit. He says it's very disrespectful, especially when I've got younger sister around.

I can see where he might object to an arm over my shoulder (though not really), but holding my hand? I just wish my mother and father would show their affection like this in front of me. It would make us all feel closer.—ABERDEEN TEEN

Dear Teen: I think your attitude is healthier than your father's.

Take a lesson from your teen, Pop!—H.

Dear Helen: You had so many blasts at Jade, K.K. and Deadette, that you may not want another, but I had to tell you these spoiled brats need a good whacking. When they call anyone over 30 "old bats" they aren't speaking for any teens but themselves. But they're creating an impression that all teens must live down. If I did the crude things Deadette brags about at her "skating rink love-ins" I sure wouldn't brag I belong to a "gang" too. We are the Mighty Blackjacks, but a nicer name is soul sisters." Our block dances and parties don't get us reputations. We try to do good, not bad, and maybe it's just a little harder for us.

See, I'm black. But besides being proud of it, I feel I am blessed for it because I have learned to appreciate what I've got and take things as they come. My parents don't bow to my every command, and neither does the world—and I like it that way!

I think those three should not only chew on a bar of soap as you said, Helen, but douse it with double strength mouthwash!—BORN BLACK

New Homes for Watts

LOS ANGELES (AP) — What backers call the first home built under a new federal home-ownership program has been erected in Watts— in 96 hours.

The Rev. George Scott Jr. of the sponsoring Community Pride Inc., dedicated the modern, three-bedroom prefabricated house Tuesday, saying, "Three years ago, Watts burned itself into history with a rampage that endured for 96 hours. Now, that time period is being used as both a recognition and a hopeful talisman of better times to come in the south central Los Angeles area."

Nearly three dozen died in the 1965 rioting in the predominantly Negro area.

The home came complete with carpeting, appliances, carpet and grass and trees for the front and back yard.

Under the 1968 federal Housing and Urban Development Act mother and father would show the home and property can be bought for \$15,000 with no money down, at 1 per cent interest.

It's America's most popular! Why?

We think it's excellence of product. Years and years ago, when we decided to bake Jane Parker Fruit Cake, we also decided to bake the best. That's why Jane Parker Fruit Cake was then and is today over 2/3 fruits and nuts.

Just enough cake to hold together the bounty of imported and domestic cherries, pineapple from the Far East, citron from the Caribbean, sun-drenched raisins from California and meaty pecans from the South.

We think, too, that value has made it popular. **IMAGINE, THE 5-LB. CAKE COSTS ONLY \$4.59.** That's dollars less than you might expect to pay for such a fine fruit cake.

Now you know why Jane Parker Fruit Cake is America's most popular. One other thing you should know: **You can buy it only at A&P.**

P.S. Wouldn't it make a great gift for someone?
